METAL LOCKERS

SPECIFICATION

Construction

1-6 Compartments available. Powder Coated stainless steel and aluminium with zinc plated doors, spot welded and pop riveted.

Nesting

Depending on size, lockers can be supplied as single units or nested in groups during the manufacturing process.

Door

Full length door stiffeners for extra door rigidity and two 'five knuckle' semi-concealed hinges.

Lock

Each door is fitted with a Camlock or Hasp and Staple lock as standard.

Hooks

Lockers are supplied with a plastic hooks located on each side of the compartment (one & two compartments only).

Rails

Coat rails are fitted in locker compartments 300mm deep and over (one & two compartments only)

Numbering

Doors can be fitted with a plastic escutcheon plate around the lock, which can also act as a name card/locker number holder. Maximum of 4 numbers. Other numbering options are available.

Colours

Body is powder coated in colour 'Ice' as standard, colour options for doors can be selected from Helmsman's standard range.

Stands/Seats

Lockers can be provided with either stands or stands with seats on request.

Helmsman can also offer installation. Please ask the sales team for more information.

We're happy to match other specifications or bespoke requirements.
