IPS FRAMES

SPECIFICATION

Material

Our framed IPS (Integrated Plumbing System) can be manufactured from timber or zinc plated wet spec metal offering a complete solution for projects where concealed plumbing and services are required.

Fixings

Adjustable feet with concealed floor fix.

Size

The size of the frame and IPS panels are manufactured to the size of the space and to suit the pipework behind the panels. Max height up to 3000mm. Ideal for toilets, urinals and basin units.

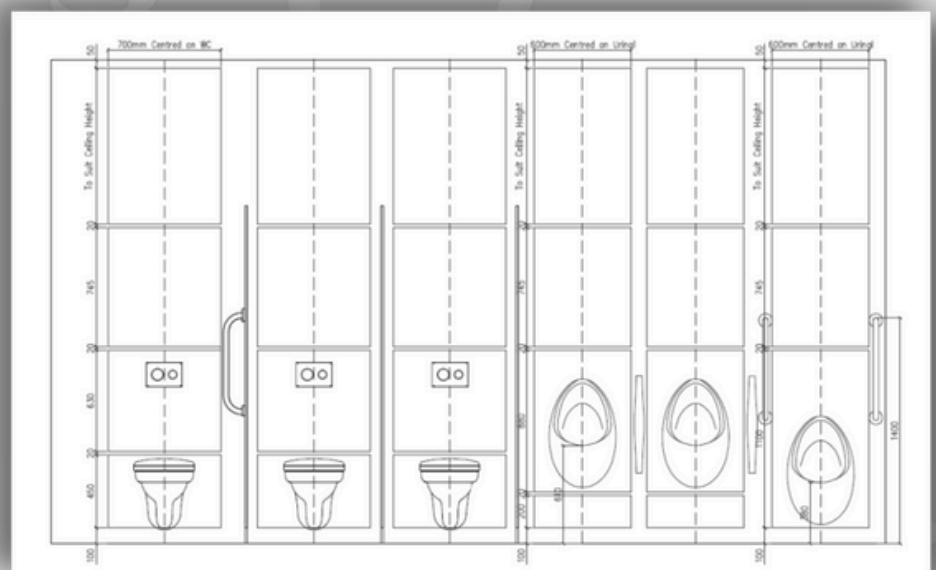

Colours

Decorative panels are manufactured from 12mm Solid Grade Laminate with a wide variety of colours and finishes to choose from.

Complete with accessible 'push pull' or 'lift' system.

Helmsman can also offer installation. Please ask the sales team for more information.

We're happy to match other specifications or bespoke requirements.
