

METAL HEATED LOCKERS

SPECIFICATION

Key Features:

Perfect storage solution for drying staff and commuters' damp clothes during the working day.

Sizes:

1800/1775H X 300W X 450D, 1800/1775H X 380W X 450D, 1800/1775H X 450W X 450D

Other sizes also available on request.

Please allow up to 4mm tolerance per locker.

Sturdy construction with carcass and doors manufactured from electro-zinc plated mild steel - powder coated.

The heat is generated from single or twin ECO-friendly tube heater. Perforations in the locker allow damp air to circulate.

Each door is fitted with a Camlock or Hasp and Staple lock, as required. Other options are available.

Extensive range of colours and finishes available.

METAL HEATED LOCKERS

SPECIFICATION

SUPPLYING
LEISURE
AND THE
EDUCATIONAL
INDUSTRY WITH
LOCKERS FOR
OVER
70 YEARS

Construction

1 -3 compartments and Z shape available. Powder Coated electro-zinc plated mild steel carcass, spot welded and pop riveted. Lockers are manufactured with perforations on the base and top to allow the warm air to circulate and damp air to flow out.

Door

Full length door stiffeners for extra door rigidity and two 'five knuckle' semi-concealed hinges.

Heating Elements

Heat is generated from a single or twin ECO-friendly tube heater. The lockers are manufactured ready to wire into a fused switch, or can be supplied with a 3 pin plug on request.

Lock

Each door is fitted with a Camlock or Hasp and Staple lock as standard.

Rails and Hooks

Coat rails and two hooks are fitted in locker compartments (one and two compartments only)

Numbering

Doors can be fitted with a plastic escutcheon plate around the lock, which can also act as a name card/locker number holder. Maximum of 4 numbers. Other numbering options are available.

Colours

Body is powder coated in colour 'Ice' as standard, colour options for powder coated doors can be selected from Helmsman's standard range.

Stands

Lockers come with a 175mm stand where the heater is concealed.

Thermostat - Optional Extra

Electric plug-in thermostat with 24-hour control is optional. Programmable time periods within 4 operating modes including ON, OFF, timed and automatic. Set temperature between 0 to 35 degrees celcius.

Helmsman can also offer installation. Please ask the sales team for more information.

We're happy to match other specifications or bespoke requirements.
