Lockers and Cubicles

A vertical photograph on the left side of the page shows a locker room. The lockers and benches are made of light-colored wood with dark metal handles. The room is brightly lit by a fluorescent light fixture at the top.

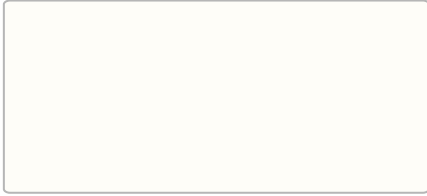

Helmsman is one of the UK's top manufacturers of a complete range of lockers and cubicles.

For lockers, cubicles, and benches we provide design, supply and installation, and after-sales service

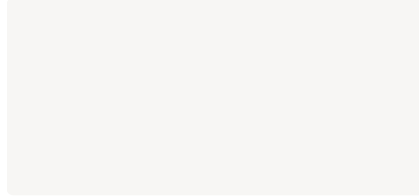

Helmsman's solid-graded laminate and high-pressure laminate are durable and hardwearing solutions for lockers and cubicles, giving you years of service whilst withstanding wear and tear.

With a range of materials available, we can supply lockers for wet areas or dry areas.
