Construction

Mild steel carcass, spot welded and pop riveted.

Recyclability

Manufactured from steel. The product is 100% recyclable, and lockers can be fully recycled at the end of life.

Door

Mild steel or laminate doors available. Mild steel powder coated with a variety of colours available. Laminate doors manufactured from 10/12mm Solid Grade Laminate from a range of suppliers.

Charging Ports

Each compartment will be provided with a standard 3-pin mains voltage to enable the changing of electrical devices. Our charging lockers can have a 13amp charging socket and two USB Ports. The internal sockets are side-mounted for ease of access with a single or double plug option.

Lock

Each door is fitted with a Camlock or Hasp and Staple lock as standard.

Numbering

Doors can be fitted with a plastic escutcheon plate around the lock, which can also act as a name card/locker number holder. Maximum of 4 numbers. Other numbering options are available.

Colours

Body is powder coated in colour 'Ice' as standard, colour options for powder coated doors can be selected from Helmsman's standard range.

Stands/seats

Lockers can be provided with either stands or stands with seats on request.

Helmsman can also offer installation. Please ask the sales team for more information.

We're happy to match other specifications or bespoke requirements.
