FLOATING FRONT LINE CUBICLES

SPECIFICATION

Construction

12mm Solid Grade Laminate door with all exposed edges smoothed and radiused. Strong, rounded extruded aluminium channel headrail stabilises and strengthens the cubicle. Aluminium 'U' brackets with tamper-proof fixings are used for securing panels to each other and the wall. The cubicle leg is placed further down the side panel to create a 'floating' look.

Door

Fixed latch with circular faceplate and emergency release facility as standard. Door mounted latches are available as an option. Each door is fitted with 2 heavy-duty hinges, incorporating an anti-finger trap and anti-lift design. Hinges can be adjusted to keep the door open, closed or ajar when not in use.

Hooks

Single circular aluminium coat hook with integral rubber safety buffer.

Seats

Changing cubicle seats are made from Solid Grade Laminate.

Accessories

Modesty panels, Disabled and family usage, baby change, and wall panels are available on request.

Colours

Doors, partitions and pilasters: Extensive choice from Helmsman's colour range.
Hardware/door furniture: SSA, Black or White as standard. Other RAL/BS colours are available.

Helmsman can also offer installation. Please ask the sales team for more information.

We're happy to match other specifications or bespoke requirements.
