IDEAL FOR SCHOOLS,
OFFICES AND WET
ENVIRONMENTS.

Sizes

1775H X 300/380/450W X 450D mm
Stand Height is 175 mm

Material

Manufactured from aluminium and stainless steel - Powder coated. 10/12 mm solid grade laminate. Heat is generated from a single or twin ECO-friendly tube heater. The heater can be plugged into a 3 pin power socket or wired into a fused switch. Lockers need to have perforations at the top of the locker to allow damp air to circulate.

Locks

Camlock and haps & staple are the standard options. Coin return/retain, combination and digital locks can be supplied on request. Key wrist straps and key fobs are available.

Rails and Hooks

Coat rail and 2 hooks are fitted in locker compartment (one & two compartments only).

Numbering

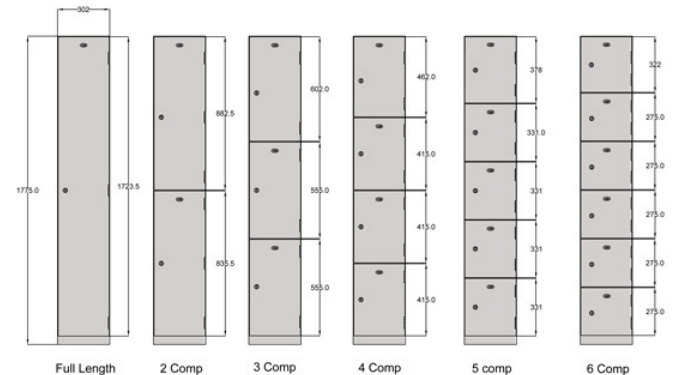

Each door is supplied with a plastic oval number plate recessed into the door as standard. Maximum of four numbers. Options to be supplied with a number engraved into the door.

Stand

Lockers come with a stand where the heater is concealed.

Thermostat - Optional Extra

An electric plug-in thermostat with 24-hour control is optional. Programmable time periods within 4 operating modes including ON, OFF, timed and automatic. Set temperature between 0 to 35 degrees Celcius.

Colours

We have a wide range of colours to choose from, these are available to view on request.
