

Vanity Unit Specification

HELMSMAN

- Our vanity units are manufactured from solid grade laminate, high-pressure laminate or Corian®.
- Vanity units are custom made for individual projects and spaces. It all depends on your requirements.
- Vanity units are mounted to the wall and supported by brackets.
- Vanity units are suitable for basin countertops in bathrooms and hair-drying and beauty areas in changing rooms.
- There will be no visible joints or cracks to collect dirt or moisture.
- Vanity surfaces are easy to clean and are resistant to mould or bacteria growth.
- Sleek surfaces suitable for both wet and dry areas.
